

EarthAction Partner Organization Technology Survey Report

By Meghan Maloney,
Hampshire College Student and EarthAction Intern

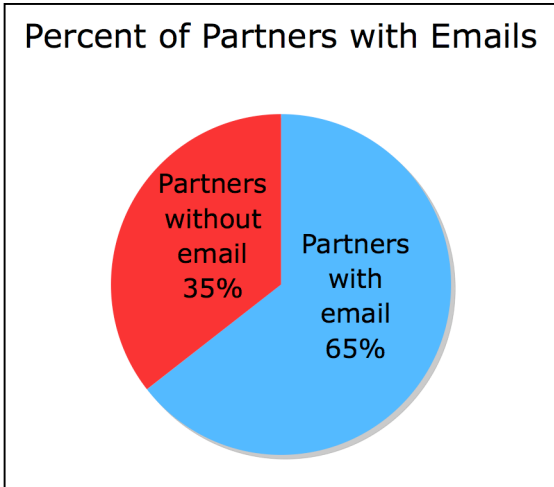

December 2008

In 2008 EarthAction completed a survey of its Partner Organizations for whom we had email addresses in order to assess their Internet communications capabilities. The results of the survey, see below, will help us develop new ways to engage and expand the EarthAction community using 'Social Media'.

We are grateful to the 191 organizations that completed the survey. We randomly selected one of these groups to receive a \$100 'thank you' gift. That group is SUPPORT, from India, Congratulations. We hope this small gift helps you in your work.

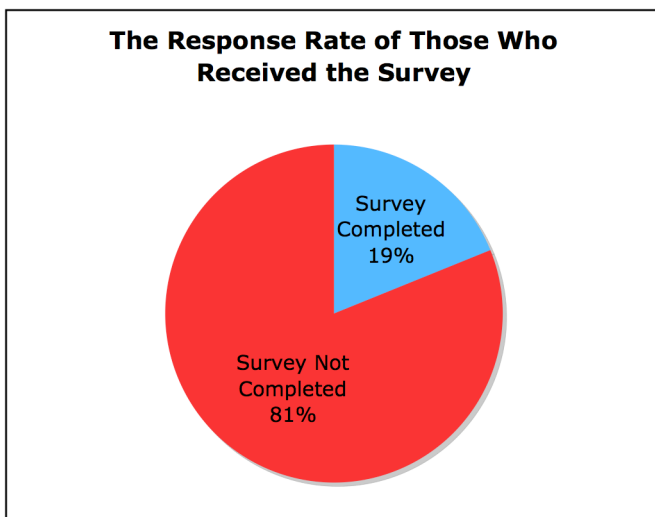

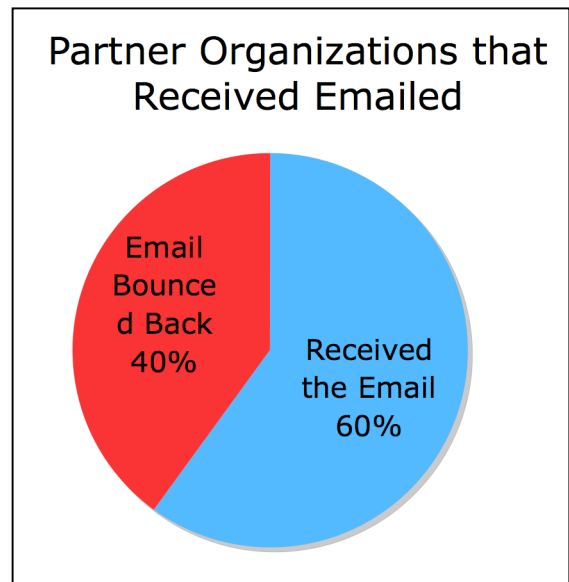

EarthAction Partner Technology Survey Report

Final Survey and Results

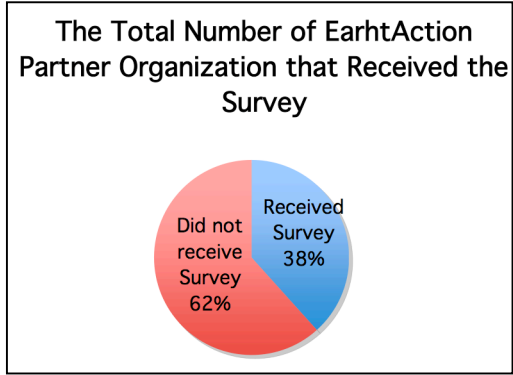

Partners with email	1699
Partners without email	934
Total	2633

Received the Email	1018
Email Bounced Back	681
Total	1699
